

Task 31aa019c — train pair 0

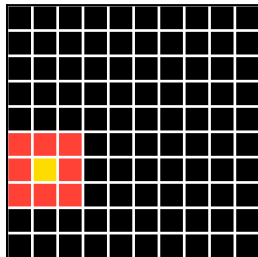

Input

Predicted

Target

Parser (non-default)

compute_alignment_edges: True → False
compute_ray_edges: True → False
compute_gravity_edges: True → False
compute_bridge_edges: True → False

Program

```
R0: least_frequent_color_objects()
    → keep_selected()
R1: all_subobjects()
    → outline_object(connectivity=8, color=2)
global: identity
```

Projector

```
background_policy: scene_background_or_zero
paint_order: as_is
overlap_policy: overwrite
postprocess: none
```

generations_used = 75, elapsed = 377.5 s
